Hi John,
welcome back. Whatever works for you is fine with me. You can send them directly to BFI or to me. My plan is to provide comments via email to expedite things and make my life easier. I have not completed my review - I have concerns about the calculations/assumptions regarding flow into the sewer from the homes and Joe Stroin is working on getting that information for me. Once that is provided, I will complete my review. So if you want to get your comments to BFI quicker you can send them directly to BFI.
Gwen

EPA is preparing comments to the leachate reintroduction plan for Monroe. Should they be sent to you once we are finished?
